

270net Announces Hiring of Dustin Sier

FREDERICK, MD (August 25, 2008) – [270net Technologies, Inc.](#), a Veteran-Owned Small Business (VOSB) providing IT services to public and private sector clients, is pleased to announce the hiring of Dustin Sier as a Junior Programmer/Analyst.

Dustin graduated from Juniata College, where he worked as Student Web Developer for two years with their Campus Technology Services team. He will be assisting 270net in both private and government sector contracts with an emphasis on programming and development of Internet applications for the National Institutes of Health and other government agencies.

With Dustin's addition, the 270net Development Team continues to grow with the best talent and expertise available. In addition to facilitating increasing growth in its Federal Government sector, his presence will allow 270net to even more effectively serve its private sector clients, and continue to provide quality Internet application solutions in a cost and time-effective manner. Dustin's exceptional skills and personality will be a valuable asset to 270net and to its clients.
